Approved by AICTE, DTE Mumbai & Govt. of Maharashtra, Affiliated to MSBTE Mumbai

### Internships Daily Diary (2025-26)

Week No: 1

Day: Monday

Date: 2,06,2025,

Topic :- company overview & core industry

Today, marked the beginning of my internship journey. We were given a warm welcome and introduced to the company's background, goals, and core values. iGAP technologies primarily works in the software development field and also functions as a training institute for students.

Their vision is to bridge the gap between academic knowledge & industry requirements. They offer services like web development, project assistance, & IT based solutions.

It was interesting to learn how the company manages both client-based projects and student mentorship programs side by side.

**Internships Daily Diary (2025-26)**

Week No: 2

Day: Tuesday

Date: 3,06,2025

Topic :- Software Development Services

The focus of today's session was on the software services provided by the company.

I learned about the various stages involved in software development such as requirement analysis, design, coding, testing, deployment.

We also discussed different technology like HTML, CSS, Python, and Java that are commonly used in their projects.

I understood how these technologies are selected based on the type of project.

The company handles both static and dynamic websites, custom application & system integration for clients. This helped me get a better idea of real-world project development.

### Internships Daily Diary (2025-26)

Week No: 2

Day: Wednesday

Date: 4,06,2025

Topic :- Training & Education services

Today, we explored the company's educational services and training structure.

iGrap Technologies provides technical training in fields such as full stack development, Artificial Intelligence, machine learning, and UX design.

Their training method include live sessions, recorded lectures, doubt-solving, assignments, and project work. I understood how the institute tailors it's teaching based on the learner's level - from beginners to advanced learners.

They also offer support in academic projects, which helps students strengthen their practical skills.

### Internships Daily Diary (2025-26)

Week No: 2

Day: Thursday

Date: 5,06,2025

Topic :- Work culture & development process.

Today's session focused on how the company maintains its workflow and team collaboration. I got insights into their development process which include practices like daily stand-ups, sprint planning, and progress tracking. We also learned about how projects are divided into modules and assigned to different team members. The company promotes a positive work culture that encourages teamwork, open communication, and knowledge sharing. I understood how important it is to manage time, be disciplined and follow a professional attitude while working in a team environment.

### Internships Daily Diary (2025-26)

Week No: 2

Day: Friday

Date: 6,06,2025

Topic :- workplace & culture

The session helped me observe the workplace environment in detail.

The workplace is designed to be collaborative, professional, and learning-friendly. Interns and employees have access to necessary tools and software to complete their tasks effectively. I found the team to be supportive and approachable.

They follow a systematic way of working. I learned that maintaining professionalism, and positive attitude in career growth and team success

**Internships Daily Diary (2025-26)**

**Week No:** 2

**Day:** Saturday

**Date:** 7.06.2025

**Topic :-** Location, Timings & contact

on the last day of the week, we were provided with information about the office location, daily working schedule, break timings, and contact persons for different concerns.

I noted important contact numbers and email address of mentors and coordinators. The working hours are fixed and well-organized to ensure smooth workflow.

It was helpful to understand the structure of reporting and communication, which is essential for staying on track throughout the internship period.
